KIT SEMINATRICE A SPAGLIO PER ERBA IDEALE PER LA SEMINA DI PRATI ERBOSI IN VIGNETI, FRUTTETI E AREE VERDI.

La seminatrice KSM-1 combinata alle nostre zappatrici, erpici rotanti ed interrassassi, si presta alla semina in diversi settori, tipo: inerbimento interfilari (vigneti, frutteti, vivai), creazione e manutenzione aree verdi, florovivaismo, orticoltura, golf, equitazione e finitura di aree comunali.

La seminatrice è dotata di meccanica semplice e di facile utilizzo, la pratica manovella graduata permette di dosare facilmente la quantità di semi desiderata, verificabile tramite la vaschetta di prova in dotazione.

BROADCAST GRASS SEEDER KIT IDEAL FOR PLANTING GRASSY MEADOWS IN VINEYARDS, ORCHARDS AND GREEN AREAS.

The seeder KSM-1 combined with our rotary tillers, rotary harrows and stone buriers, is used in different areas: inter-row grassing (vineyards, orchards, nurseries), creation and maintenance of green areas, floriculture, horticulture, golf, horse riding and finishing municipal areas.

The seeder is equipped with simple mechanic and is easy to use, the practice graduated crank allows to easily dose the desired amount of seeds, verifiable through the provided test tray.
